Dear Customer:

GE has been closely following the legislative development of REACH. We are working with our suppliers to identify any potential implications of REACH on the availability of materials. All GE Druck products including accessories and packaging are considered "articles" under REACH. A candidate list pursuant to Article 59 of REACH has been published by ECHA at http://echa.europa.eu/chem_data_en.asp. Based on our review, no GE Druck articles supplied contain any Candidate List Substances above a concentration of 0.1% weight by weight of the product.

Sincerely,

A handwritten signature in black ink, appearing to read 'Paul Kirton', written over a horizontal line.
